

CHRISTIAN EDUCATORS FELLOWSHIP

The South Carolina Chapter of the Christian Educator's Fellowship is a professional organization in support of Christian educators in the South Carolina conference. The Fellowship (CEF) plans continuing education events, retreats, and general fellowship meetings for those called to the ministry of Christian education, both paid staff and volunteers.

The South Carolina CEF chapter sponsored a continuing education event in August 2008 entitled "Christian Education and Need Oriented Evangelism". Approximately 70 pastors, educators and lay persons attended as the Rev. Dr. Michael Wolfe presented information and helpful suggestions concerning this issue of the Natural Church Development program. The National chapter of the CEF sponsored a conference in Albuquerque, NM in October 2008. 17 Christian educators from South Carolina attended of which 4 were workshop presenters.

Coming events for 2009 include a continuing education event in August concerning the issue of "Inspiring worship and passionate spirituality and Christian education." The fall retreat, which also includes educators from the South Georgia and North Georgia chapters, will be held September 28-30 entitled "Beyond the Call: Keeping the Flame Alive".
