## Electronic Funds Transfer Service

Endorsed by **General Council on Finance and Administration**

### Electronic Funds Transfer Service - UM EFT

The United Methodist Electronic Funds Transfer Service (UM EFT) allows members' contributions to be electronically transferred from their checking or savings accounts and deposited into the church's bank account on a steady, uninterrupted basis. This service can help your church reduce fluctuations in giving throughout the year while making it easier for your members to honor their pledges. It also saves staff time and administrative costs. UM EFT is easy to get started, easy to maintain and you can cancel at any time.

#### UM EFT Enhancements

Churches can further increase contributions by combining UM EFT with Vanco's secure website donation solution **e.service® by Web** or its credit card solution **e.service® Merchant Services**. See back side for more information.

### Testimonials

"Plainfield United Methodist Church has been using Vanco for EFT giving for several years now. EFT giving is a real blessing for the church. With EFT we are assured of regular / consistent giving even when people are on vacation or just take a few weeks off from worship. Vanco is a great company to work with – they are responsive to client requests and are available to help with training as needed. The reports that they provide are easy to read and their turn-around time on additions and changes to accounts is excellent. My prayer would be that all members would sign up for EFT giving."

"We've been using Vanco's services for more than four years and we've found that the program has successfully met all of our expectations. Vanco made the implementation smooth and is always readily available to answer any questions or provide any needed information. I can say with confidence that we can count on accurate and consistent reporting in an easy to use format. The predictable flow of deposits each month is very helpful for budgeting, especially in these financially challenging times. The cost of the service is minimal and it has made life a little easier for those parishioners participating in the program. I would strongly recommend any church considering this program to give it a try! You will not be sorry!"

## Other Solutions

### • Credit & Debit Card Giving

**e.service® Merchant Services** offers churches an easy and affordable way to accept recurring and one-time credit and debit card donations. Ideally suited for "card not present" transactions, this solution allows you to accept payments over the phone or it can easily be integrated with existing or proposed web pages for online payment. And because this solution is automated, it saves the church staff time spent manually keying in recurring credit card information.

### • Online Giving

**e.service® by Web** provides secure web donation pages that match the look of your website. Vanco will host the secure web pages and process all web-initiated transactions for you. Call for a free demo.

### • Check Scanning

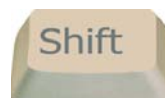

**e.service® Deposit RC®** allows you to deposit checks securely and electronically without leaving the office. Simply scan your checks, review the deposit and you're done!

### • Direct Deposit (net payroll)

**e.service® Direct Deposit** is a web-based solution that offers a simple and affordable way to manage employee net payroll. In addition to satisfying employee requests for Direct Deposit, this solution will save your church time and money.
