

CONGREGATIONAL DEVELOPMENT

APPLICATION FOR FUNDS FOR AN EXISTING CHURCH INSTRUCTIONS

We are pleased that your congregation is planning missional opportunities, an addition and/or improvements to your facilities. Attached is an application form for a grant from the S.C. Conference Congregational Development Fund. There are several things related to Congregational Development funding you should share with your building committee.

- 1) All of the information requested must be included with the application. Use the attached checklist to be certain the application is complete.
- 2) Maximum grant available to any existing congregation is \$100,000. However, it is not realistic to expect the maximum due to limited funds and the number of requests received each year. Be realistic in your proposal.
- 3) You must have the approval of the District Board of Congregational Development, the district superintendent, and the District Board of Church Location and Building in order to be considered by the conference. The DBCD is to place a priority ranking on the application and minutes of its meeting are to be attached. A copy of your completed application must be received by email in your [district office](#) no later than **November 1**.
- 4) Keep in mind that the mission of the church is to make disciples. The mission of Conference Congregational Development is to enable the local church in its mission to the extent we are able. Therefore, the Conference Committee looks at applicant churches in the following order of priority:
 - a. Church is growing and community is growing.
 - b. Church is growing in spite of stable community.
 - c. Church is stable but community is growing.
 - d. Church is stable or declining, community is stable or declining, but United Methodist presence is needed.
- 5) Applicant congregations must have twenty percent (20%) of the total cost of the project in hand at the time the application is submitted. Churches that do not have 20% already in hand will not be considered for funding.
- 6) Each congregation shall sign a grant agreement document when its application is submitted to the District Office.

Every local church requesting funding for ministry projects and/or planning a building project shall engage in a discernment process to determine the ministry needs of the congregation. The director of Congregational Development will be happy to consult with you and suggest resources that could assist with your project, including churches and pastors who have experience in leading a congregation through major building projects.

All applications must be received by email (lhill@umcsc.org) in the Conference Office of Congregational Development by **January 15**. If you need any assistance, please call our office at 803-786-9486 or 888-678-6272.

CONGREGATIONAL DEVELOPMENT

Church Building Procedures In Accordance With The Book of Discipline

Requirements apply if a church intends to build a new church or parsonage, purchase a church or parsonage, or remodel an existing church or parsonage, with the cost of the remodeling exceeding ten percent of the current value of the existing building.

Step 1 – Establish a Building Study Committee (§2544)

- The Church Council or Charge Conference may elect a Building Study Committee.
- The BSC shall analyze the needs of the church and community and project the potential membership with average attendance. It shall project future needs as well as present needs and develop a proposal for the church's program of ministry. (In the case of a parsonage, the BSC shall use the S.C. Annual Conference Parsonage Guidelines.)
- The proposal of the BSC shall be reported to the Church Council for recommendation to the Charge Conference.
- The proposal of the BSC shall be reported to a regular or called session of the Charge Conference.
- The church shall secure the written consent of the pastor and district superintendent to proceed with the project.
- The pastor shall request in writing that the BSC report be brought before the Charge Conference for approval.

Step 2 – The Charge Conference

- The Charge Conference must approve the project.
- It shall then elect a Building Committee or give the Board of Trustees responsibility of functioning as the Building Committee.

Step 3 – The Work of the Building Committee

The Building Committee, using the report of the BSC, shall:

- Determine the building facilities needed to house the church's program of ministry, or provide a parsonage.
- Develop preliminary architectural plans that show the location on the site, what the building will include, that it will comply with all local building codes and be assessable for persons with disabilities.
- Secure an estimate of the cost of the project and develop a financial plan.

- Submit to the District Board of Church Location and Building:
 - Statement of need for the proposed building
 - Preliminary architectural plans
 - Preliminary cost estimate and financial plans
- After preliminary approval of the DBCLB, report its finding and recommendations to a called session of the Church Conference.

Step 4 – The Church Conference (§2544.7)

- The Building Committee shall submit to the Church Conference:
 - Preliminary architectural plans
 - Preliminary cost estimate
 - Preliminary financial plan
 - The Building Committee’s recommendation
- A simple majority of those present and voting must approve the project.

**If a capital campaign is to be conducted,
it may best be done at this stage.**

Step 5 – Detailed Plans

- After the approval of the Church Conference, Building Committee shall proceed with detailed plans and specifications and secure a reliable and detailed estimate of cost.
- These plans shall be submitted to the District Board of Church Location and Building for approval.

Step 6 – District Board of Church Location and Building Approval

Step 7 – Second Charge Conference (§2544.9)

- The detailed building and financial plans shall be submitted to the Charge Conference for approval, which shall be by majority vote of those present and voting.
- If a loan is needed, the local church shall comply with the provisions of Paragraph 2544 of the Book of Discipline.
- Local churches should be incorporated for protection of the trustees and members.

Step 8 – Consecration and Dedication

- Upon completion, a service of consecration may be held.
- Before a building may be dedicated, it shall be free of debt.

The above outline is excerpted from the 2016 Book of Discipline. It is not intended to be all-inclusive. Churches should refer to Paragraph 2544 for more detailed information.
