

South Carolina Methodist Credit Union

The year 2026 marks seventy-one years of service by the South Carolina Methodist Conference Credit Union (SCMCCU) to the Ministers and their families, the churches and their members, and the institutions of the South Carolina United Methodist Conference.

The Credit Union was chartered on September 19, 1955, by ten elders of the South Carolina Conference (1785). The Reverend Hawley B. Lynn was elected to serve as the first President. Initially the Credit Union was chartered to serve ministerial members of the annual conference and others under appointment of the bishop, employees of the Boards and Agencies of the annual conference, and their family members. Today, membership encompasses not only the clergy of the South Carolina Conference and their families, but also members of the churches, and employees of the local churches, the Annual Conference, and the United Methodist Colleges, and Retirement Homes of the South Carolina Conference.

In 2025 the Credit Union grew in loans and reserves while assets declined slightly. The credit union was able to increase total dividends paid to our members for a third consecutive year. The growth in loans and dividends is an indication that we have been able to provide greater service to our members during the year. Service to our members will always be the focus of the credit union.

The credit union is currently blessed with a small, stable, and very experienced staff with a total of 100 plus years of combined experience working for credit unions and other financial institutions. This enables the credit union to provide exceptional service with a knowledgeable but personal approach. Alicia Reese serves as the Member Service Representative, Bruce Douglass serves as the Loan Officer, Christine Dominick serves as Operations Manager and Andy Cox serves as the President and CEO.

On February 23, 2026, the Credit Union's Annual Meeting was at the Conference Center and by Zoom. At the meeting, the members elected Board Directors, Credit Committee members and Supervisory Committee members. The financial condition of the credit union was reported. We encourage all members to attend the Annual Meeting to learn more about your credit union.
